

1. Install the Battery into the mobile device and turn it on.
2. Upon setting up the device, connect to your Wi-Fi.
3. Open the Google Play Store and sign in with your own credentials.
(DealerBuilt does not own, maintain, or track that)
4. Search for "DealerBuilt" in the Google Play Store and install the ScanIt (parts) and/or VinScan (vehicle) app.

5. Open the app and sign in with your Lightyear credentials.

6. If using the Parts app, go to options > label setup to select printers.
7. You can now begin using the scanner.

For more assistance or instructions on how to use each app
Please visit dealerbuilt.zendesk.com or contact your performance manager.
